

Aplus Learning HUB

AplusLearningHUB.com – It's a new and only online market place where you **earn 40% commission** on products that **have great name recognition** in a homeschool community.

How does it work?

1. You register on www.apluslearninghub.com to open a FREE Online Store
2. We setup your online store within 2 minutes with over 150 products
3. You market your entire online store, specific category of products or even an individual product and **sell**

More info:

- ✓ Login to your account and update your profile – upload a logo, update your social media links etc...
- ✓ We DO EVERYTHING for you. When you make a sale, we process the order/payment, we ship the products, send the downloadable link or an activation code to the customers depending on the type of product purchased
- ✓ You **earn 40%** on all sales

Benefits

1. **NO** investment on your part
2. You **DON'T** need your own products – we setup the store with over 150 of our products
3. **NO overhead costs** for you. We take care of everything - order processing, shipping and customer support
4. You get your own personal store on apluslearninghub.com (example: apluslearninghub.com/MyHomeschool)
5. You get to sell **products that have great name recognition** in homeschool community (*reviewed by Cathy Duffy, Schoolhouse Crew and hundreds of homeschool moms and bloggers*)
6. You simply market your own store and **earn 40%** on all Online, Software and eBook product sales. For example, if **you sell \$1,000 in a given month, you will make \$400.**
7. **Got your own products to sale?** In a near future, you will be able to add your own products to sell. We will market to our huge network of customers for you giving you a lot of exposure and sales.

All you have to do is,

Market to your audience via Blog and/or Social Media

Market! Market! Market!

Earn 40% on ALL Sales

Earn 10% BONUS when you sell over \$1,000 in a given month.

4th Grade – 143 lessons
5th Grade – 138 lessons
6th Grade – 129 lessons
Pre-Algebra – 117 lessons
Algebra 1 – 135 lessons

Textbook and Workbook Bundle

A bundle of Printed Textbook and a Workbook.

Textbook, Workbook and Solution Guides Bundle

A bundle of Printed Textbook, a Printed Workbook and step-by-step solution guides on a CD.

2. Why should I sign up to sale on apluslearninghub.com?

Short answer: to make some serious money – 40% (one of the highest available) on sales. You don't have to invest even a penny. You get to sell the products that **have great name recognition** in homeschool community (*reviewed by Cathy Duffy, Schoolhouse Crew and hundreds of homeschool moms and bloggers*).

And you already have a network of potential customers (your blog followers, social media friends and followers, other like-minded people in online groups, co-op/support groups etc...). So why not reach out to them? They SAVE HUGE on awesome products for their homeschool needs and you make 40% on sales – Win-Win for ALL!

3. Can anyone sign up free for an online store on apluslearninghub.com?

Yes, but we are selective in who we partner with. You must be very active in homeschool market such as have a blog, strong social media presence, and be willing to really market the store via all channels you may have. We want you to succeed and we will do our part but you **MUST** be willing to put a little effort and market the store to reach out to homeschool community.

We will give you everything to make it really easy for you to market and drive sales – links to reviews, video demonstrations, testimonials from real homeschool users, products that can be added by

simply selecting them from a complete catalog with detail descriptions, product images, and much more... You can even set your own prices.

4. Can I really set my own price for any products?

Yes, we will give you the **retail price** of the product and a **minimum price**. The minimum price is typically 50% to 75% off the retail price (for Online, Software and eBooks) and you can set your selling price to right at the minimum price or bump up a little and sale for you what want.

5. Why would I set the price higher than the minimum price?

You will make 40% on the sales. So higher the sale price, more you will earn.

For example, the retail price is \$100, the minimum price is \$50.

If you sell it for \$50 (the minimum price), you will make $\$50 \times .4$ (40%) = **\$20**

But if you sell it for \$60, you will make $\$60 \times .4$ (40%) = **\$24**

Choice is YOURS!

6. How would I track my sales?

You will get your own online store, for example, apluslearninghub.com/sellers/MyHomeschool

You will be notified via email each time an item sales from your store. Additionally, you will be able to login and access your dashboard online by logging in here: apluslearninghub.com/admin/Login which will have all the details of the sales.

7. When would I get paid?

You will be paid on or before the 15th of the following month for all sales in a prior month. For example, if you sold a total of \$1,000 worth of products in August 2016, you will be paid \$400 on or before September 15th.

8. How would I get paid?

You will be able to select to get paid via company check or PayPal.

9. What if customer returns a product I sold?

If a customer returns the products you sold, your commission will be reduced by an appropriate amount. If you have already been paid your commission and then customer returns the product, we will adjust your commission in future months.

10. What is your return policy?

The return policy depends on the type of product purchased. More information on the return policy will be available on our website soon.

11. Do I have to sale a certain minimum amount in monthly sale? What if I don't meet the minimum monthly sales?

We will be launching this new online market place soon and we want to give you an opportunity to make some money. So at this time there is not a minimum monthly sales requirement but we are seriously considering implementing minimum monthly sales requirements. Once implemented, If you do not meet the minimum monthly sales threshold for 3 consecutive months, your account will most likely be revoked.
